

Unlocking Clean Water Funding: Technical Assistance Services from the EFCN

Thursday, October 2, 2025

About Us

The **Environmental Finance Center Network (EFCN)** is a university- and non-profit-based organization creating innovative solutions to the difficult how-to-pay issues of environmental protection and water infrastructure.

The EFCN aims to assist public and private sectors through **training, direct professional assistance, production of durable resources, and innovative policy ideas.**

We offer free services to water and wastewater systems, local governments, and others who seek technical, managerial, and financial solutions to environmental infrastructure challenges.

Access Our Resources

From podcasts and blogs to rates dashboards and tools, our small water systems resources inspire creative solutions to complex environmental challenges in your utility or community.

The screenshot shows the EFCN website header with the logo and navigation links: About Us, Training & Events, Resources, Our Initiatives, Contact, and a Get Help button. The main heading is 'How Can EFCN Assist Your System or Community?'. Below it, a paragraph states: 'We offer a full range of services that are available at no-cost to eligible communities and utilities across all US states and territories. Please know that when you request assistance us, your information will be confidential and used solely for follow-up. [Here's how we can help:](#)'. A list of services is provided under the heading 'Funding & Financial Management':

- Funding application services
- Accessing infrastructure funding
- Assessing your system's financial position
- Affordability and/or customer assistance programs
- Rates and fiscal planning
- Capital improvement planning and financing
- Fund management
- Effective budgeting

Below this list, there are two more sections: 'Asset & Utility Management' and 'Regulatory Compliance & Reporting', each with a right-pointing arrow icon.

The screenshot shows the EFCN website header with the logo and navigation links: About Us, Training & Events, Resources, Our Initiatives, Contact, and a Get Help button. The main heading is 'Request assistance now or contact us for more information.'. Below this, there is a large blue box with the EFCN logo and the title 'Technical Assistance Request Form'. The text inside the box reads: 'The EFCN offers no cost assistance to drinking water systems serving 10,000 or fewer people and wastewater systems that treat 1 million gallons per day or less. Areas of assistance we can provide include:'.

- Funding & Financial Management
- Asset & Utility Management
- Regulatory Compliance
- Public Engagement & Communication
- Workforce Development & Leadership
- Resilience Planning & System Collaboration
- Technical Support (math, I/I, chlorine disinfection, etc.)

Below the list, it says: 'For a full list of services, [click here](#).' and 'To request assistance, please fill out the form below. You will be asked a few questions to help us understand your system and what kind of assistance you need.' At the bottom of the blue box, there is a form with a 'Name *' label and an input field.
