Community Engagement for Dam Removal

Brittany Ebeling, Executive Director
Berkshire Environmental Action Team (BEAT)

BEAT's Work

Our Mission

We protect the environment for wildlife in support of the natural world that sustains us all. BEAT has three major focal areas: stewardship, education & outreach, and watchdogging.

Our Vision

BEAT envisions a world where all people recognize their interconnectedness to, and dependence on, the natural world; the air and water are clean; rivers and streams flow naturally; rain soaks into the ground and makes its way slowly to our lakes and rivers; there is plenty of interconnected, natural land where wildlife thrive; and communities work together to sustain their environmental health and economic vitality.

Principles

Principles

- Giving experts a platform
- Offer a venue for public input
- Honoring history and cultural ties
- Amplifying community concerns and ideas: dam removal as an opportunity for infrastructure choices
- Applaud reactivity to public input
- Work in partnership
